Our Central Management Team and the MMP Board are located at our head office: Eaton Wood Medical Centre, 1128 Tyburn Road, Erdington, B24 0SY. Email: midlandsmedical.partnership@nhs.net. Phone: 0121 373 0959. MMP is a non-limited partnership; a full list of our partners and members of the management team is available on our website.

Appointments All MMP surgeries offer a range of consultation options, including both pre-bookable and same-day face-to-face, telephone and virtual appointments with a healthcare professional.

If you would like to see or speak to a specific clinician, please inform the receptionist. While we will do our best to accommodate your request, you may be offered an alternative appointment with another clinician.

To request a routine appointment:

We encourage patients to request appointments through the online Blinx platform. This service is currently available between Monday-Friday 8am to 11am and allows you to submit appointment requests and other healthcare related queries at your convenience. This process allows us to deal with your request/queries more efficiently and ensures timely follow-up from our team.

- Use our appointment request form by visiting <https://blinxscheduler.com/patient-self-booking/?st=5337>, Monday to Friday.
- Phone us (check our Contact Us page for surgery opening times)
- Visit the surgery and speak with a receptionist, Monday to Friday
- The NHS App is a simple and secure way to access a range of NHS services from your smartphone, tablet or computer

By using the NHS App, you can:

- Book and manage GP appointments
- Order repeat prescriptions
- View your medical records securely
- Check symptoms and get NHS-verified advice
- Receive/view test results and vaccination records

Using the app means you can avoid waiting in the call queue to speak with a receptionist and gives you greater control over your healthcare. When you get in touch, we will ask what you need help with. We will use the information you give us to choose the most suitable doctor, nurse or health professional to help you.

Home Visits - Home visit requests are accepted at all sites for housebound patients only. A clinician may contact the patient beforehand to assess the nature of the illness and determine whether a visit is necessary.

Urgent Care - Each day, a designated doctor is available to manage urgent care issues. The doctor will assess the situation and decide on the most appropriate course of action.

Appointments with Other Clinical Staff - We also offer a full range of appointments with other members of our clinical team who may be best placed to support your needs.

Interpreter Services - If you require an interpreter, please inform the reception team when booking your appointment.

Missed Appointments - If you are unable to attend a scheduled appointment, please contact the surgery as soon as possible so the appointment can be offered to someone else. Repeatedly missing appointments may result in a written warning. Continued non-attendance may lead to you being asked to register with another surgery.

Out of hours – Out of hours care is commissioned by MMP. If you require medical attention when the surgery is closed, please call 0300 555 9999. Your call will be automatically diverted to our out of hours service. Out of hours calls are managed by BADGER (Birmingham and District GP Emergency Room), a cooperative of local general practitioners. Please note that the practice retains overall 24-hour responsibility for the care of its registered patients.

Repeat Prescriptions - Requests can be made on-line, via a pharmacy or in person at reception. Only house bound patients can request prescriptions over the telephone. Electronic prescriptions (EPS) are available please speak to a member of our reception team to nominate a pharmacy of your choice. (Please speak to a member of the surgery team for more information on EPS). For repeat prescription, requests please allow at least 3 working days.

General Enquiries - For general enquiries please contact the surgery.

How to view your test results:

Open the NHS App on your phone, tablet or computer

Log in using your NHS details

Select on 'Your Health' then select 'HP Health Record'

Navigate to 'Test Results' to view your recent results

Only results that have been added to your GP record will appear, if you would like to view older results you may need to contact the surgery.

Registration - We are pleased to welcome new patients to the surgery. If you wish to register with us, please visit our website www.mmpmedical.com and complete an online registration form. Alternatively you are able to complete a paper registration form and questionnaire, which is available from our reception team who are also able to help you complete if required.

Please ensure that you are able to provide us with your NHS number, which will be available from your previous GP Practice.

A form of identification will be required if you wish online access. If you are unable to provide this please, speak to the surgery's Site Lead Officer who will assist you.

All our new patients are offered a health check with a member of our Nursing Team. When you register, you will be asked if you have a preferred doctor to be registered with. Please note, this does not limit your choices and you're welcome to book appointments with any available clinician in the practice.

Out of Area - You may be able register at the discretion of the GP partners. Please be aware we will not be able to provide the home visiting service outside of the practice boundary.

Surgery Boundaries: The surgery covers the majority of the addresses within MMP boundaries. Please check with a member of reception for more information.

Complaints and Suggestions – If you wish to make a complaint or have a suggestion, please speak to your local surgery's Site Lead Officer or Senior Receptionist. They will be happy to assist you and help resolve any concerns you may have. For more detailed information about our complaints process, a complaints leaflet is available from reception and on our website. You can also email our complaints team at complaints.mmp@nhs.net

Access To Medical Records - Your personal health information is kept strictly confidential. All our staff are trained in information security and confidentiality, and we follow strict codes of conduct to ensure your data is protected, whether it is stored on paper or electronically. We will not share any information from your health records with third parties, including family members, without your explicit consent. However, in order to provide you with the best possible care, it may sometimes be necessary to share relevant health information with other healthcare professionals involved in your treatment.

Patients can view their medical records via the NHS App.

If you would like to access your records, please contact the surgery. All requests to view medical records must be made through our formal request process with the surgery. Our practice is registered under the General Data Protection Regulation (GDPR), which protects all data stored on our computer systems.

Disability Access - Our practice is fully accessible for patients with disabilities. We offer dedicated disabled parking spaces, an automatic front entrance door, lift access to upper floors, accessible toilet facilities, braille room signs, a hearing loop system. We can also arrange translation services for patients who do not speak English. If you require any additional support during your visit, please let us know—your comfort and access are important to us. We are continually working to improve how we communicate with our

patients. If you need information in a different format or require communication support, please let us know. This leaflet is also available in an Easy Read format.

Zero Tolerance - MMP operates a strict Zero Tolerance policy. We take any form of threatening, abusive or violent behaviour towards our staff or patients' very seriously. If a patient displays abusive or violent behaviour, they will be given a clear warning to stop. All such incidents will be documented. If the behaviour continues, we reserve the right to take appropriate action, which may include immediate removal from our patient list and involvement of external authorities such as the police. Our aim is to ensure a safe, respectful, and supportive environment for all patients and staff.

Non-attendance - At MMP, we have a strict DNA policy to ensure fair and efficient use of our services. A written warning will be issued following two consecutive missed appointments or where a concerning pattern of non-attendance is identified. In the event of a third missed appointment, or if the concerning pattern continues, the patient will be formally removed from the practice list. A notification letter will be sent to advise the patient that they have been removed from the list, effective from the date of that letter. We encourage all patients to contact us as early as possible if they are unable to attend their appointment, so that it can be offered to someone else.

Patient Engagement Group (PEG) - Patient Engagement Groups (PEGs) are voluntary, practice-based organisations that meet regularly—usually on a quarterly basis—with clinical staff and practice managers. Their aim is to discuss and help resolve any issues related to the delivery of services, as well as to offer input on upcoming changes and developments that may affect patients. Membership is open to all MMP-registered patients aged 16 and over. If you are interested in joining our PEG or would like more information, please speak to a member of the reception team, check the PEG notice board in your practice and apply on our website.

Text Messaging Service - For the benefit of our patients, MMP uses an ICB approved text messaging service for a variety of purposes, including appointment reminders, health information, and other important updates. If you would prefer not to receive these messages, please inform a member of the reception team to opt out of the service.
